**SPECIAL PROGRAMS** in the Education Center

**12–12:30 p.m. Storytelling Program**

Dandelion: *“The Teeth of the Lion,”* told by author Anita Sanchez.

**1–2 p.m. Jungle Creatures**

Did you ever wonder why wild cats have spots? How does a porcupine throw its quills? Meet some jungle creatures and learn how reptiles, birds, and mammals survive in a jungle habitat. What makes them different and how are they similar? Find out about the balance between our lives, the lives of animals, and the earth!

**2:30–3:30 p.m. Rain Forest Reptiles**

Would you like to meet some scaly inhabitants of our hemisphere’s endangered rainforests? A herpetologist will bring a monitor lizard, a 7-foot boa constrictor, a red-foot tortoise, and a 3-foot alligator, as well as a mini-zoo in containers to educate us about the role reptiles play in their ecosystems and the importance of preserving their habitats.

*Seats available on a first-come basis.  
Get tickets at Activity Table.*
